ONLINE TRAINING

Palm Prints Searching Smart

**Instructor:
Ron Smith, CLPE**

40 Hours | \$600 Tuition | 90 Days Access

RS&A is excited to announce our first full length online training course, Palm Prints Searching Smart! This course is guaranteed to teach Latent Print Examiner's how to search for latent palm prints smart, as opposed to searching hard.

This self-paced online training course is instructed by none other than the creator of palm print searching techniques, Ron Smith, CLPE.

Through lecture, Ron will pass along to you his vast expert knowledge of palm prints, you will then be challenged to apply the methods you have learned in many practical exercises, and finally you will be tested with both written and practical exams before earning your certificate of completion.

ALL OF THIS ONLINE! With this online training course, you truly can learn to search palm prints smart from anywhere...anyplace...anytime.
